Chairs

The chair continues to be the most important item of the modern office. Comfort and ergonomic design align with user safety and work efficiency.

Designed to meet these important prerequisites, CSI chairs are available in a range of fabric colours in either a wool/synthetic blend (Renegade range) or 100% pure wool fabric (Chelsea range).

Fabrics used by CSI are fire retardant to meet AS1530.3 testing and are rated heavy duty for commercial use. The wool fabric is naturally soil resistant and all fabrics are registered as certified products under the Australian Ecolabel Program.

An added bonus is all chairs in the CSI Office Space Solutions range are made in Australia.

“ CSI provides attractively designed, hard wearing chairs and lounges for the toughest conditions. That's why you'll find CSI chairs and lounges in hospitals, schools and clubs.
